

# SABRE

## "SWEET 16"

FEATURE	BENEFIT
<b>TRUE-SHEEN</b> high gloss exterior shell	High gloss finish unlike dull Filon, easier to maintain, definitely better looking.
<b>FRICTION HINGE</b> entry door mechanism	Protects hands against slamming doors, no more unit damage due to flimsy tiebacks, full 180 degree opening for easy loading/unloading.
Prepped for <b>SOLAR POWER</b> sourcing and <b>BACK UP CAMERA</b>	Conveniently allowing you the option to "unplug" from the hustle and bustle world and keep an eye on your investment rolling down the open road.
<b>50 AMP ELECTRICAL SERVICE</b> including <b>PREP FOR 2ND AC</b>	Provides the additional amperage cushion to run more of today's modern appliances without blowing breakers, allows for a simple 2nd AC install to keep you extra cool if you so desire.
<b>TIRE PRESSURE MONITORING</b> system	Convenient safety check before heading off ensuring that your tire pressure is up to the task, easy to read...RED=bad...GREEN=good, proper pressure also means better gas mileage.
Gen III electric <b>AUTO LEVELING</b> system	2x as fast as Gen II, maintains hitch height memory, simple one touch and walk-away setup...after all, you're on vacation!
<b>EZ-STOW</b> accessory storage rack system	200 lbs. of storage capacity (not including spare), bulky/dirty items no longer have to go in your basement, allows you to bring more stuff for extended stays.
<b>HEATED AND ENCLOSED</b> gate valves and underbelly	Necessary for those campers that want to extend their season, keeps the undercarriage protected and gives pests an additional barrier to contend with.
<b>COLOSSAL CAMPER</b> 4-drawer, french door refrigerator	Seriously?!...just look at it, significantly larger capacity means more cool storage for your trip, coupled with 1000w pure-sine wave power inverter for safe electricity flow.
<b>ENHANCED LED LIGHTING</b> inside and out	No more cooking in the dark, longer component life means less maintenance, brighter light means better visibility by other drivers on the road at night,
<b>SEAMLESS COUNTERTOPS</b> throughout unit	Sleek modern look of solid surface without the additional cost or weight, easy to clean, no T-mold edge to collect water or debris.
<b>CINEMAX SEATING</b> (cup holders, massage, heat & backlighting)	COMFORT! Comes with heat, massage, backlit cup holders and ambient underlighting, convenient storage for remotes, magazines, lays almost flat for snoozing, perfect angle to TV.
Double high output <b>USB CHARGING PORTS</b>	Giving the modern "Glamer" more of what they need, at least (5) double port outlets in every unit, conveniently located at bunks, bed side, kitchen base and sofa arms.
Deluxe <b>SOFT PULL</b> roller shades in main slide area	Significantly blocks out cold, heat and light, color coordinated, smooth operation.
<b>FIREPLACE</b> with remote	5200 BTU's of heat, multiple settings for heat, light and fan speed, all electric which saves on precious LP, comes with a fully functional remote for ease of use.
<b>VERSA-BED</b> adjustable, powered sleep system	Provide an array of comfortable reclining positions in bed for watching TV or reading, in the "up" position the bedroom floor space increases 2x.
